Profile Summary

IT graduate from Bahria University with a strong foundation in Computer Networks, System Administration, and IT Infrastructure. Experienced in configuring and troubleshooting network topologies using TCP/IP, routing protocols, switching technologies, and subnetting. Hands-on experience with Linux environments, network simulations, and technical support through freelance networking projects. Seeking a NOC Internship to build expertise in network monitoring, system operations, and infrastructure support.

Technical Skills

- **Networking:** TCP/IP, DNS, DHCP, VLANs, OSPF, BGP, EIGRP, NAT/PAT, VPN, ACLs
- **System Administration:** Ubuntu Linux, Windows Fundamentals
- **Monitoring & Troubleshooting:** Network Diagnostics, Incident Analysis, Connectivity Troubleshooting
- **Tools:** Cisco Packet Tracer, GNS3, Wireshark, Git, GitHub
- **Databases:** MySQL, SQL Server
- **Core Concepts:** Computer Networks, Operating Systems, Cybersecurity, IT Infrastructure

Professional Experience

Freelance Network Engineer — Fiverr

2023 – Present

- Designed and configured enterprise network topologies using OSPF, EIGRP, BGP, VLANs, and ACLs.
- Delivered Cisco Packet Tracer and GNS3 networking solutions for international clients.
- Performed network troubleshooting, routing configuration, and connectivity validation.

Full Stack Developer Intern — Lexon IT

Jun 2026 – Present

- Collaborating in a technical team environment using Git-based workflows.
- Supporting application deployment, debugging, and system integration activities.

Key Projects

Enterprise Network Design & Simulation

Cisco Packet Tracer, GNS3

- Designed multi-site enterprise networks implementing OSPF, BGP, VLANs, ACLs, and NAT.
- Simulated routing, switching, redundancy, and troubleshooting scenarios.

Rahila Labs — Diagnostic Booking Platform

React, Flask, Azure SQL

- Deployed a cloud-hosted application and managed backend services and database connectivity.

Education

Bachelor of Science in Information Technology

Graduated May 2026

Bahria University, Islamabad

CGPA: 3.1 / 4.0

Relevant Coursework: Computer Networks, Network Security, Operating Systems, Cybersecurity, Database Systems

Certifications

- **Version Control with Git and GitHub** — Coursera
- **ASP.NET Core Web API Development** — Self Learning
